Message:

1) would like for Texas to have a presidential primary in Jan. or Feb. every 4 years. Maybe the other 1st & 2nd primaries could be changed to May & July instead of March & whatever is the current 2nd primary date . It is too many months between the 2nd primary & the general election anyway. 2) Voter identification - why not put a magnetic strip on the voter registration card just as the one on our Texas driver's licenses. Fingerprints are now taken for the TX licenses & so fingerprints could also be used to identify voters. 3) the above suggestion #2 might also help with problems related to illegal aliens, including temporary workers and others. 4) this voter registration might be expensive at first, but it would probably be worth the money & would help to prevent duplicate voting by the same persons. Just some suggestions, but maybe these ideas would not be "unconstitutional." Note that free TX registration cards could be issued for a while to build the database of fingerprints. Hope this sounds reasonable.

Dear Governor Perry:

As a resident of Texas, I am concerned about the issues listed below and wish to make you and the Legislature aware of my opinions.

Lottery Profits for Education: Some are urging lawmakers to pass legislation that would require lottery profits to go to fund public education. Those in favor say television and print advertisements led them to believe the money would go to education, rather than to a general fund. They add that Texas education is in dire need of the funding. Those against it say many worthy causes are in need of funding, including transportation, and that the state should not dedicate all funds to education. **Are you in favor of dedicating lottery profits to public education?**

() YES ☒ NO () UNDECIDED

My Comments: NO NOT UNTIL SCHOOL DISTRICTS TIGHTEN THEIR BELTS. TOO MUCH MONEY GOING TO TOO MANY ASST SUPERINTENDANTS THAT NEVER SEEM TO HAVE ANYTHING TO DO.

Water Use Taxes: Lawmakers are considering a measure that would call for state water use taxes to be raised for non-essential water uses, such as landscaping and recreational use. Those in favor say the state must learn to conserve water and that taxation is the best way to do that. Those against such a measure say what some consider non-essential, others consider essential. They add that desalination or wastewater reclaiming methods would be better for the state. **Are you in favor of raising water use taxes?**

() YES ☒ NO () UNDECIDED

My Comments: I'M FOR USING A WASTE WATER FOR LANDSCAPING AND EVEN RAIN WATER COLLECTION BUT, USE TAXES FROM ANOTHER SOURCE.

Distracted Driving: Some are urging state lawmakers to pass a law that would call for heavy fines, jail time, and loss of driver's license for drivers who text or e-mail while driving. Those in favor say hundreds of thousands are injured or killed on the road each year because drivers are paying attention to a hand-held device. Those against such a measure say texting and e-mailing are a part of modern life and most drivers do it safely. They say only drivers who actually cause accidents should receive those penalties. **Are you in favor of such a law?**

() YES ☒ NO () UNDECIDED

My Comments: TRY AN EDUCATIONAL CAMPAIGN 1ST. / TO MUCH GOVERNMENT ALREADY. WE USED TO SCALE BACK GOV, NOT EXPANDING IT.

Photo ID to Vote: After circuit judges in Washington D.C. struck down the Texas Photo ID law, some are continuing to call for a law that would require voters to present a valid photo ID at the polls. Those in favor say voter fraud is rampant and state lawmakers should continue to push for such law to make sure thousands of illegal immigrants don't get a say at the polls. Those against it say it puts an unnecessary burden on lower income people who may not have a driver's license, and it unfairly discourages them from going to the polls. **Are you in favor of continuing to push for a photo ID law?**

☒ YES () NO () UNDECIDED

My Comments: IF YOU WANT TO VOTE GET AN ID CARD AND VOTE ONE TIME ONLY. THE PEOPLE FIGHTING THIS LAW WANT PEOPLE TO VOTE & VOTE OFTEN. WE CAN'T LET THAT HAPPEN.

☒ YES ☐ NO ☐ UNDECIDED

My Comments:

Our teachers need higher salaries and better benefits - our children need teachers that are teaching for the right reason! Too many teachers take higher paying jobs.

Water Use Taxes: Lawmakers are considering a measure that would call for state water use taxes to be raised for non-essential water uses, such as landscaping and recreational use. Those in favor say the state must learn to conserve water and that taxation is the best way to do that. Those against such a measure say what some consider non-essential, others consider essential. They add that desalination or wastewater reclaiming methods would be better for the state. **Are you in favor of raising water use taxes?**

☒ YES ☐ NO ☐ UNDECIDED

My Comments:

I worry about our water supply in the next 50 years! We need to educate on rain collecting!

Distracted Driving: Some are urging state lawmakers to pass a law that would call for heavy fines, jail time, and loss of driver's license for drivers who text or e-mail while driving. Those in favor say hundreds of thousands are injured or killed on the road each year because drivers are paying attention to a hand-held device. Those against such a measure say texting and e-mailing are a part of modern life and most drivers do it safely. They say only drivers who actually cause accidents should receive those penalties. **Are you in favor of such a law?**

☒ YES ☐ NO ☐ UNDECIDED

My Comments:

I feel like the punishment should fit the crime! As to the last we only fine speakers if they have an accident!

Photo ID to Vote: After circuit judges in Washington D.C. struck down the Texas Photo ID law, some are continuing to call for a law that would require voters to present a valid photo ID at the polls. Those in favor say voter fraud is rampant and state lawmakers should continue to push for such law to make sure thousands of illegal immigrants don't get a say at the polls. The Hon. Rick Perry
Office of the Governor
P. O. Box 12428
Austin, TX 78711

Dear Governor Perry:

I may not reside in the great state of Texas, but I am a fellow Republican hailing from the "swing state" of Ohio. I am concerned about reports stating that United States Attorney General Eric Holder may challenge Texas' law which requires photo identification to vote. I think the Attorney General and his Chicago-style political cohorts only want to challenge "Voter ID" laws in states like yours so that they turn Democrat blue for next election. I do not find them racist in the least way.

I think that a lack of such a law here in Ohio allowed President Obama to carry (steal?) the Buckeye State in the 2012 election, especially when I consider the fact Republicans earned a supermajority in the Ohio House of Representatives in that same election. I am bothered by the fact that Somalis were bussed in to polling stations in urban areas, a practice I think was encouraged by people in the Democrat Party to help President Obama win.

Please do not cave in to the ridiculous demands of Attorney General Holder and his corrupt henchmen.

Sincerely,

James C. Schul

Dear Governor Perry:

As a resident of Texas, I am concerned about the issues listed below and wish to make you and the Legislature aware of my opinions.

Lottery Profits for Education: Some are urging lawmakers to pass legislation that would require lottery profits to go to fund public education. Those in favor say television and print advertisements led them to believe the money would go to education, rather than to a general fund. They add that Texas education is in dire need of the funding. Those against it say many worthy causes are in need of funding, including transportation, and that the state should not dedicate all funds to education. **Are you in favor of dedicating lottery profits to public education?**

☒ YES () NO () UNDECIDED

My Comments: _____

Distracted Driving: Some are urging state lawmakers to pass a law that would call for heavy fines, jail time, and loss of driver's license for drivers who text or e-mail while driving. Those in favor say hundreds of thousands are injured or killed on the road each year because drivers are paying attention to a hand-held device. Those against such a measure say texting and e-mailing are a part of modern life and most drivers do it safely. They say only drivers who actually cause accidents should receive those penalties. **Are you in favor of such a law?**

☒ YES () NO () UNDECIDED

My Comments: _____

GOVERNOR'S OFFICE

Water Use Taxes: Lawmakers are considering a measure that would call for state water use taxes to be raised for non-essential water uses, such as landscaping and recreational use. Those in favor say the state must learn to conserve water and that taxation is the best way to do that. Those against such a measure say what some consider non-essential, others consider essential. They add that desalination or wastewater reclaiming methods would be better for the state. **Are you in favor of raising water use taxes?**

() YES ☒ NO () UNDECIDED

My Comments: _____

Photo ID to Vote: After circuit judges in Washington D.C. struck down the Texas Photo ID law, some are continuing to call for a law that would require voters to present a valid photo ID at the polls. Those in favor say voter fraud is rampant and state lawmakers should continue to push for such law to make sure thousands of illegal immigrants don't get a say at the polls. Those against it say it puts an unnecessary burden on lower income people who may not have a driver's license, and it unfairly discourages them from going to the polls. **Are you in favor of continuing to push for a photo ID law?**

☒ YES () NO () UNDECIDED
